

APPENDIX 6-A: FLORA SPECIES LIST FOR THE PROPOSED PROJECT AREA

Page Intentionally Left Blank

APPENDIX 6-A: FLORA SPECIES LIST FOR THE PROPOSED PROJECT AREA

The table below lists the flora species recorded during wetland delineation within and around the proposed project area in 2014 and 2015.

Table 6-A.1: Flora Species List for the Proposed Project Area

Species Name	Common Name(s)	Observed as a Dominant Species	Native or Non-native
Herbaceous Species			
<i>Agrostis capillaris</i>	Colonial bentgrass		Non-native
<i>Agrostis stolonifera</i>	Creeping bentgrass	Dominant species	Non-native
<i>Alopecurus aequalis</i>	Shortawn foxtail		Native
<i>Alopecurus geniculatus</i>	Marsh-meadow foxtail/Water foxtail		Non-native
<i>Alopecurus sp.</i>	Foxtail	Dominant species	ND
<i>Cardamine hirsuta</i>	Hairy bittercress		Non-native
<i>Cirsium arvense</i> *	Canada thistle	Dominant species	Non-native Class C noxious weed
<i>Cirsium vulgare</i> *	Bull thistle	Dominant species	Non-native Class C noxious weed
<i>Cynosurus cristatus</i>	Crested dogtail		Non-native
<i>Elytrigia repens</i>	Quackgrass		Non-native
<i>Festuca arundinacea</i>	Tall fescue	Dominant species	Non-native
<i>Geranium molle</i>	Dovefoot geranium		Non-native
<i>Gnaphalium sp.</i>	Cudweed		ND
<i>Gnaphalium uliginosum</i>	Marsh cudweed		Non-native
<i>Heracleum sphondylium</i>	Eltrot/Hogweed/Cow parsnip		Non-native
<i>Holcus lanatus</i>	Velvet grass		Non-native
<i>Juncus effusus</i>	Soft rush		Native
<i>Lolium perenne</i>	Ryegrass	Dominant species	Non-native
<i>Phalaris arundinacea</i> *	Reed canarygrass		Native Class C noxious weed
<i>Phleum pratense</i>	Common timothy		Non-native
<i>Plantago lanceolata</i>	Narrowleaf plantain	Dominant species	Non-native
<i>Plantago major</i>	Common plantain		Non-native
<i>Poa sp.</i>	Bluegrass		ND
<i>Ranunculus acris</i>	Meadow buttercup		Non-native
<i>Ranunculus repens</i>	Creeping buttercup		Non-native
<i>Rumex acetosella</i>	Sheep sorrel		Non-native
<i>Schedonorus arundinaceus</i>	Tall false ryegrass	Dominant species	Non-native
<i>Stellaria media</i>	Common chickweed		Non-native
<i>Trifolium hybridum</i>	Hybrid clover		Non-native
<i>Trifolium repens</i>	White clover	Dominant species	Non-native
<i>Veronica arvensis</i>	Corn speedwell		Non-native
Shrub/Woody Species			
<i>Alnus rubra</i>	Red alder		Native
<i>Rosa gymnocarpa</i>	Bald-hip rose	Dominant species	Native
<i>Rosa pisocarpa</i>	Swamp rose		Native

Species Name	Common Name(s)	Observed as a Dominant Species	Native or Non-native
<i>Rosa nutkana</i>	Nootka rose		Native
<i>Rubus armeniacus</i> *	Himalayan blackberry	Dominant species	Non-native Class B Designated Weed Class C Weed Skagit County
<i>Symphoricarpus albus</i>	Snowberry	Dominant species	Native

* = Noxious weed in both Skagit County (Skagit County 2016) and the state of Washington (WNWCB 2016)
