

TABLE OF CONTENTS

SEPA EIS FACT SHEET

EIS SUMMARY

DRAFT ENVIRONMENTAL IMPACT STATEMENT

List of Tables

List of Figures

List of Acronyms

1. Introduction.....	1-1
1.1. Project Overview	1-1
1.2. Purpose and Need.....	1-4
1.3. Project Background.....	1-4
1.4. Environmental Review Process.....	1-4
1.4.1. EIS Scoping Process	1-5
1.4.2. Draft EIS Preparation, Publication, and Review	1-6
1.4.3. Final EIS Publication	1-6
1.4.4. Public, Agency, and Tribal Involvement.....	1-6
1.4.5. Federal, State, and Local Permits and Approvals.....	1-7
1.5. Draft EIS Organization	1-7
1.6. Scope of Analysis.....	1-9
1.7. Methodology	1-10
1.7.1. Direct and Indirect Impacts	1-11
1.7.2. Cumulative Impacts	1-12
1.8. References.....	1-15
2. Proposed Action and Alternatives.....	2-1
2.1. Overview of Proposed Action.....	2-1
2.2. Benefits and Disadvantages of Delaying Implementation	2-6
2.3. Proposed Project Location	2-6
2.4. Existing Refinery Design and Operations.....	2-9
2.4.1. Existing Refinery Facilities.....	2-9
2.4.2. Existing Refinery Operations.....	2-9
2.5. Proposed Project	2-10
2.6. Proposed Project Facilities.....	2-12
2.6.1. Naphtha Hydrotreater Expansion	2-12
2.6.2. New Isomerization Unit	2-14
2.6.3. New Aromatics Recovery Unit and New Boiler	2-14
2.6.4. New Marine Vapor Emission Control System	2-15
2.6.5. New Tanks Area.....	2-19

2.7.	Construction of Proposed Facilities	2-21
2.7.1.	Individual Component Site Preparation and Construction	2-21
2.7.2.	Construction Workforce.....	2-30
2.7.3.	Construction Vessel Traffic	2-30
2.7.4.	Construction Vehicle Traffic.....	2-31
2.7.5.	Construction Staging and Laydown Areas	2-37
2.7.6.	Construction Site Controls	2-37
2.8.	Operational Changes due to the Proposed Project	2-39
2.8.1.	Vehicle Traffic	2-39
2.8.2.	Marine Vessel Traffic	2-40
2.8.3.	New Materials Used in the Refining Process.....	2-42
2.8.4.	Increased Material Usage.....	2-43
2.8.5.	Operational Site Controls.....	2-45
2.9.	Alternatives Considered.....	2-46
2.9.1.	Technology Alternatives Considered	2-47
2.9.2.	Siting Alternatives.....	2-49
2.9.3.	Alternative Methods of Transport	2-52
2.9.4.	No Action Alternative	2-52
2.10.	Related Actions	2-53
2.11.	References.....	2-53
3.	Geologic Resources	3-1
3.1.	Laws, Regulations, and Guidance for Geologic Resources and Geologic Hazards	3-1
3.2.	Study Area and Methodology	3-3
3.2.1.	Study Area.....	3-3
3.2.2.	Methodology	3-3
3.3.	Geologic Resources.....	3-7
3.3.1.	Affected Environment	3-7
3.3.2.	Potential Impacts on Geologic Resources	3-13
3.3.3.	Potential Impacts of the No Action Alternative	3-22
3.3.4.	Additional Mitigation Measures.....	3-22
3.4.	Geologic Hazards.....	3-22
3.4.1.	Affected Environment.....	3-22
3.4.2.	Potential Impacts from Geologic Hazards.....	3-27
3.4.3.	Potential Impacts of the No Action Alternative	3-32
3.4.4.	Additional Mitigation Measures.....	3-32
3.5.	Cumulative Impacts	3-32
3.6.	References.....	3-32
4.	Air Quality and Climate Change.....	4-1
4.1.	Laws, Regulations, and Guidance for Air Quality and Climate Change.....	4-1
4.2.	Study Area and Methodology	4-5
4.2.1.	Study Area.....	4-5
4.2.2.	Methodology	4-8

4.3.	Affected Environment.....	4-9
4.3.1.	Historical Climate	4-11
4.3.2.	Existing Climate and Meteorology.....	4-12
4.4.	Potential Impacts on Air Quality and GHG	4-13
4.4.1.	Impacts on Air Quality and GHG from Construction	4-13
4.4.2.	Impacts on Air Quality and GHG from Operations and Maintenance	4-14
4.4.3.	Impacts on Air Quality from Vessel Traffic during Operations.....	4-18
4.4.4.	Impacts on Air Quality and GHG from Spills.....	4-19
4.4.5.	Impacts on Air Quality and GHG from Spill Response	4-22
4.4.6.	Impacts on Air Quality and GHG from Fuels Conversion to Xylenes.....	4-22
4.4.7.	Summary of Potential Impacts on Air Quality and GHG.....	4-23
4.5.	Potential Impacts of the No Action Alternative	4-24
4.6.	Additional Mitigation Measures	4-24
4.7.	Cumulative Impacts on Air Quality	4-25
4.8.	Cumulative Impacts on Climate Change.....	4-26
4.8.1.	Climate Change.....	4-27
4.8.2.	Project Greenhouse Gas Emissions Cumulative Impact	4-30
4.9.	References.....	4-32
5.	Freshwater Resources.....	5-1
5.1.	Laws, Regulations, and Guidance for Freshwater Resources	5-1
5.2.	Study Area and Methodology	5-5
5.2.1.	Study Area.....	5-5
5.2.2.	Methodology	5-6
5.3.	Surface Water.....	5-10
5.3.1.	Affected Environment.....	5-10
5.3.2.	Potential Impacts on Surface Water.....	5-12
5.3.3.	Potential Impacts of the No Action Alternative	5-25
5.3.4.	Additional Mitigation Measures.....	5-25
5.4.	Groundwater	5-25
5.4.1.	Affected Environment.....	5-25
5.4.2.	Potential Impacts on Groundwater	5-29
5.4.3.	Potential Impacts of the No Action Alternative	5-33
5.4.4.	Additional Mitigation Measures.....	5-33
5.5.	Wetlands	5-33
5.5.1.	Affected Environment.....	5-33
5.5.2.	Potential Impacts on Wetlands.....	5-36
5.5.3.	Potential Impacts of the No Action Alternative	5-41
5.5.4.	Additional Mitigation Measures.....	5-41
5.6.	Cumulative Impacts	5-42
5.7.	References.....	5-42
6.	Terrestrial Vegetation and Wildlife	6-1
6.1.	Laws, Regulations, and Guidance for Terrestrial Vegetation and Wildlife	6-1

6.2.	Study Area and Methodology	6-3
6.2.1.	Study Area.....	6-3
6.2.2.	Methodology	6-4
6.3.	Affected Environment.....	6-7
6.3.1.	Terrestrial Vegetation.....	6-7
6.3.2.	Terrestrial Wildlife.....	6-11
6.4.	Potential Impacts on Terrestrial Vegetation and Wildlife.....	6-21
6.4.1.	Construction.....	6-21
6.4.2.	Operations	6-25
6.4.3.	Unplanned Events	6-26
6.4.4.	Summary of Potential Impacts on Terrestrial Vegetation and Wildlife	6-32
6.4.5.	Potential Impacts of the No Action Alternative	6-36
6.4.6.	Additional Mitigation Measures.....	6-36
6.5.	Potential Impacts on Special Status Species	6-36
6.5.1.	Species Protected under the Migratory Bird Treaty Act	6-36
6.5.2.	Threatened and Endangered Species (State and Federal).....	6-37
6.5.3.	State Sensitive and State Candidate Species	6-38
6.5.4.	Potential Impacts of the No Action Alternative	6-39
6.5.5.	Additional Mitigation Measures.....	6-39
6.6.	Cumulative Impacts	6-39
6.7.	References.....	6-39
7.	Marine and Nearshore Resources	7-1
7.1.	Laws, Regulations, and Guidance for Marine and Nearshore Resources.....	7-1
7.1.1.	Water Quality	7-5
7.1.2.	Fish Work Window Compliance.....	7-6
7.2.	Study Area and Methodology	7-7
7.2.1.	Study Area.....	7-7
7.2.2.	Methodology	7-8
7.3.	Affected Environment.....	7-11
7.3.1.	Ecosystem Overview.....	7-12
7.3.2.	Protected Areas	7-14
7.3.3.	Special Status Species and Habitats	7-14
7.4.	Potential Impacts on Marine and Nearshore Resources	7-43
7.4.1.	Impacts on Marine and Nearshore Resources from Construction.....	7-43
7.4.2.	Impacts on Marine and Nearshore Resources from Marine Vessels and Operation	7-49
7.4.3.	Impacts on Marine and Nearshore Resources from Marine Spills	7-54
7.4.4.	Summary of Impacts on Marine and Nearshore Resources	7-62
7.5.	Potential Impacts of the No Action Alternative	7-65
7.6.	Additional Mitigation Measures	7-65
7.7.	Cumulative Impacts	7-65
7.8.	References.....	7-66
8.	Energy and Natural Resources	8-1

8.1.	Laws, Regulations, and Guidance for Energy and Natural Resources	8-1
8.2.	Study Area and Methodology	8-1
8.2.1.	Study Area.....	8-1
8.2.2.	Methodology	8-2
8.3.	Affected Environment.....	8-3
8.3.1.	Electricity	8-3
8.3.2.	Water.....	8-3
8.3.3.	Natural Gas	8-4
8.3.4.	Gasoline and Diesel.....	8-4
8.3.5.	Construction Materials	8-4
8.4.	Potential Impacts on Energy and Natural Resources	8-4
8.4.1.	Impacts on Energy and Natural Resources Availability or Quality from Construction	8-5
8.4.2.	Impacts on Energy and Natural Resources Availability or Quality from Operations and Maintenance	8-6
8.4.3.	Impacts on Energy and Natural Resources from Spills.....	8-8
8.4.4.	Summary of Impacts on Energy and Natural Resources.....	8-9
8.5.	Potential Impacts of the No Action Alternative	8-10
8.6.	Additional Mitigation Measures	8-10
8.7.	Cumulative Impacts	8-10
8.8.	References.....	8-10
9.	Environmental Health	9-1
9.1.	Laws, Regulations, and Guidance for Environmental Health	9-1
9.2.	Study Area and Methodology	9-2
9.2.1.	Study Area.....	9-2
9.2.2.	Methodology	9-2
9.3.	Air Emissions and Health	9-4
9.3.1.	Affected Environment.....	9-4
9.3.2.	Potential Impacts on Health	9-7
9.3.3.	Potential Impacts of the No Action Alternative	9-10
9.3.4.	Additional Mitigation Measures.....	9-10
9.4.	Traffic Safety	9-10
9.4.1.	Affected Environment.....	9-11
9.4.2.	Potential Impacts on Traffic Safety.....	9-15
9.4.3.	Potential Impacts of the No Action Alternative	9-17
9.4.4.	Additional Mitigation Measures.....	9-17
9.5.	Noise.....	9-17
9.5.1.	Affected Environment.....	9-18
9.5.2.	Potential Impacts from Proposed Project Noise.....	9-24
9.5.3.	Potential Impacts of the No Action Alternative	9-26
9.5.4.	Additional Mitigation Measures.....	9-26
9.6.	Unplanned Events	9-26
9.6.1.	Potential Impacts on Health from Fires at the Refinery During Operations and Maintenance	9-27

9.6.2.	Potential Impacts on Health from Spills.....	9-29
9.6.3.	Summary of Potential Impacts on Health from Unplanned Events.....	9-37
9.6.4.	Potential Impacts of the No Action Alternative	9-39
9.6.5.	Additional Mitigation Measures.....	9-39
9.7.	Cumulative Impacts	9-39
9.8.	References.....	9-40
10.	Land Use and Shoreline Use	10-1
10.1.	Laws, Regulations, and Guidance for Land Use and Shoreline Use.....	10-1
10.2.	Study Area and Methodology	10-4
10.2.1.	Study Area.....	10-4
10.2.2.	Methodology	10-5
10.3.	Land Use and Shoreline Use.....	10-8
10.3.1.	Affected Environment.....	10-8
10.3.2.	Potential Impacts on Land and Shoreline Use.....	10-17
10.3.3.	Potential Impacts of the No Action Alternative	10-24
10.3.4.	Additional Mitigation Measures.....	10-24
10.4.	Recreation	10-24
10.4.1.	Affected Environment.....	10-24
10.4.2.	Potential Impacts on Recreation.....	10-34
10.4.3.	Potential Impacts of the No Action Alternative	10-41
10.4.4.	Additional Mitigation Measures.....	10-41
10.5.	Aesthetics and Visual Resources	10-41
10.5.1.	Affected Environment.....	10-41
10.5.2.	Potential Impacts on Aesthetics and Visual Resources	10-44
10.5.3.	Potential Impacts of the No Action Alternative	10-54
10.5.4.	Additional Mitigation Measures.....	10-54
10.6.	Cumulative Impacts	10-54
10.7.	References.....	10-55
11.	Social and Economic Environment	11-1
11.1.	Laws, Regulations, and Guidance for Social and Economic Environment.....	11-1
11.2.	Study Area and Methodology	11-2
11.2.1.	Study Area.....	11-2
11.2.2.	Methodology	11-2
11.3.	Housing.....	11-6
11.3.1.	Affected Environment.....	11-6
11.3.2.	Potential Impacts on Housing	11-7
11.3.3.	Summary of Impacts on Housing.....	11-8
11.3.4.	Potential Impacts of the No Action Alternative	11-9
11.3.5.	Additional Mitigation Measures.....	11-9
11.4.	Public Services.....	11-9
11.4.1.	Affected Environment.....	11-9
11.4.2.	Potential Impacts on Public Services	11-11

11.4.3. Potential Impacts of the No Action Alternative	11-14
11.4.4. Additional Mitigation Measures.....	11-14
11.5. Economic Resources: Employment Income.....	11-14
11.5.1. Affected Environment.....	11-15
11.5.2. Potential Impacts on Employment Income	11-25
11.5.3. Potential Impacts of the No Action Alternative	11-31
11.5.4. Additional Mitigation Measures.....	11-31
11.6. Economic Resources: Tax Receipts	11-31
11.6.1. Affected Environment.....	11-32
11.6.2. Potential Impacts on Economic Resources: Tax Receipts.....	11-33
11.6.3. Potential Impacts of the No Action Alternative	11-35
11.6.4. Additional Mitigation Measures.....	11-35
11.7. Environmental Justice	11-35
11.7.1. Affected Environment.....	11-36
11.7.2. Potential Impacts on Minority and Low-Income Populations.....	11-42
11.7.3. Potential Impacts of the No Action Alternative	11-44
11.7.4. Additional Mitigation Measures.....	11-44
11.8. Cumulative Impacts	11-44
11.9. References.....	11-45
12. Cultural Resources	12-1
12.1. Laws, Regulations and Guidance for Cultural Resources	12-2
12.2. Study Area and Methodology	12-2
12.2.1. Study Area.....	12-2
12.2.2. Methodology	12-5
12.3. Affected Environment.....	12-7
12.3.1. Cultural History.....	12-7
12.3.2. Inventory of Resources	12-9
12.4. Potential Impacts on Cultural Resources	12-11
12.4.1. Impacts on Cultural Resources from Construction and Operations	12-11
12.4.2. Impacts on Cultural Resources from Marine Spills.....	12-12
12.4.3. Summary of Impacts on Cultural Resources	12-13
12.5. Potential Impacts of the No Action Alternative	12-14
12.6. Additional Mitigation Measures	12-14
12.7. Cumulative Impacts	12-15
12.8. References.....	12-15
13. Marine Transportation.....	13-1
13.1. Laws, Regulations, and Guidance for Marine Transportation.....	13-1
13.2. Study Area and Methodology	13-5
13.2.1. Study Area.....	13-5
13.2.2. Methodology	13-6
13.2.3. Summary of Potential Impacts from Spills	13-7
13.3. Vessel Traffic.....	13-9

13.3.1. Affected Environment	13-9
13.3.2. Potential Impacts on Vessel Traffic	13-12
13.3.3. Potential Impacts of the No Action Alternative	13-16
13.3.4. Additional Mitigation Measures.....	13-16
13.4. Vessel Safety.....	13-17
13.4.1. Affected Environment.....	13-17
13.4.2. Potential Impacts on Vessel Safety	13-31
13.4.3. Potential Impacts of the No Action Alternative	13-33
13.4.4. Additional Mitigation Measures.....	13-33
13.5. Marine Spills and Spill Response	13-33
13.5.1. Affected Environment.....	13-33
13.5.2. Behavior of Xylenes and Reformate in the Marine Environment	13-33
13.5.3. Spill Scenarios and Regulatory Requirements	13-34
13.5.4. Spill Modeling Assessment Methodology	13-35
13.5.5. Spill Modeling Results.....	13-38
13.5.6. Spill Likelihood.....	13-59
13.5.7. Spill Response.....	13-62
13.5.8. Summary of Potential Impacts from Spills	13-65
13.5.9. Potential Impacts of the No Action Alternative	13-69
13.5.10. Additional Mitigation Measures	13-69
13.6. Cumulative Impacts from Marine Transportation.....	13-69
13.7. References.....	13-71
14. List of Preparers	14-1
15. Distribution List.....	15-1

Appendices

- 1-A, Determination of Significance
- 1-B, Impact Criteria Tables
- 2-A, Existing Programs and Operations
- 2-B, NPDES Permit
- 2-C, Construction Equipment
- 2-D, Geotechnical Drawings
- 2-E, Self-Propelled Modular Transporter (SPMT) Drawings
- 4-A, Ambient Air Quality Impacts Analysis
- 6-A, Flora Species List for the Proposed Project Area
- 6-B, Upland Special Status Terrestrial Vegetation And Wildlife Species
- 10-A, Skagit County Industrial Land Study
- 12-A, Historical Assessment and Archeological Resources Technical Memorandum
- 12-B, Unanticipated Discovery Plan for Cultural Resources
- 13-A, Fate and Behavior Analysis in the Marine Environment: Reformate and Mixed Xylenes
- 13-B, Chapter 13 Figures

LIST OF TABLES

Table 1-1: Federal, State, and Local Permits and Approvals	1-7
Table 1-2: Reasonably Foreseeable Future Projects and Actions Identified for Cumulative Impacts Analysis.....	1-14
